

## Net Metering Consultation Request Form

The net metering consultation request form provides an opportunity for the Generator to discuss their distribution generation connection project with Welland Hydro's Operations staff. The proponent will receive more information on the distribution connection process and Welland Hydro will gain a better understanding of the proposed project.

All fields below are mandatory unless indicated otherwise.

1. **Project Size:** Nameplate Capacity \_\_\_\_\_ kW

2. **Project Location:** Address \_\_\_\_\_

City / Town / Township \_\_\_\_\_

Lot Number(s) \_\_\_\_\_

Concession Number(s) \_\_\_\_\_

### Preferred method of communication with Welland Hydro:

E-mail  Telephone  Mail  Fax

### 3. Customer Status:

Existing Welland Hydro Customer?  Yes  No

If yes, provide Customer Account Number: \_\_\_\_\_

Customer name registered in this Account: \_\_\_\_\_

### 4. Fuel / Renewable Energy Type:

Biomass  Solar  Gas Turbine

Wind  Diesel Engine  Other (Please Specify) \_\_\_\_\_

Water (for water projects please answer the following questions):

▪ Is water your primary energy source? Yes  or No

▪ Is your generation facility located on provincial Crown or federally-regulated lands?  
Yes  or No

**5. Generator’s Facilities and New Line Map:**

- *In the following items, “**Point of Connection**” means the point where the new Generator’s connection assets or new line expansion assets will be connected to the existing Welland Hydro distribution system.*
- *“**Point of Common Coupling**” or “**PCC**” or “**Point of Supply**” means the point where the Generator’s facilities are to connect to Welland Hydro’s distribution system.*
- *The **Point of Connection** and the **PCC** may be the same, especially if the Generator’s facilities lie along the existing Welland Hydro distribution system; or the **PCC** may be located somewhere between the **Point of Connection** and the Generator’s facilities if new line will be owned by Welland Hydro.*

Using Google Maps, provide location of Generator’s facilities with proposed line routings for connection to Welland Hydro’s existing distribution system. It should identify the Point of Connection, the PCC, and the location (i.e. on private property or public road right-of-ways) of new lines between the Generator’s facilities and the Point of Connection.

Drawing / Sketch No. \_\_\_\_\_, Rev. \_\_\_\_\_

**6. Proposed connection to Welland Hydro Distribution System:**

- a. GPS coordinates of the following:  
(Please give GPS co-ordinates in following format: Longitude, Latitude - Degree Decimal Format: \* e.g. 49.392, -75.570)

Point of Connection: \_\_\_\_\_

PCC: \_\_\_\_\_

Generator facilities: \_\_\_\_\_

Completed Net Metering Consultation Request Forms can be submitted electronically to Welland Hydro at:

**Email:** [fit@wellandhydro.com](mailto:fit@wellandhydro.com)

**Subject:** Net Metering Consultation Request

You will receive a response within 15 days of submission.

**NOTICE OF COLLECTION:** Your personal information is collected on this form by Welland Hydro-Electric System Corp. (“Welland Hydro”) under the authority of the Electricity Act, S.O. 1998, Chapter 15, Schedule A. Welland Hydro will only use personal information for the purpose for which it was collected unless consent is given by the individual to use or disclose it for another purpose. Under certain exceptional circumstances, Welland Hydro may have a legal duty or right to disclose personal information without the individual’s knowledge or consent. If you have further questions about this collection, or the ways in which your personal information may be used by Welland Hydro, please contact the Privacy Officer by telephone at 905-732-1381, ext. 233, or by email at [privacy@wellandhydro.com](mailto:privacy@wellandhydro.com).
