

WELLAND HYDRO-ELECTRIC SYSTEM CORP.

Requires a System Control Operator

Welland Hydro-Electric System Corp. (WHESC) is a progressive electric distribution utility delivering electricity in a safe & reliable manner while maintaining a high quality of service to meet the needs of our 25,000+ customers within the City of Welland.

Main Responsibilities:

- Utilize SCADA to monitor and control automated substation and field devices.
- Prepare switching orders and work protection packages following the Utility Work Protection Code (UWPC).
- Provide guidance and dispatch to field crews performing distribution system switching and/or maintenance activities.
- Respond to distribution system disturbances in a timely manner and take appropriate corrective action.
- Coordinate work protection requirements, outage and restoration activities with external agencies.
- Maintain a current record of system configuration as field changes are made and/or reported.
- Maintain system status and monitor real time performance in outage and distribution management systems.
- Use knowledge, training and good judgement to ensure the safety of workers and the public is met at all times.
- Work in a manner that exceeds the requirements of the company's policies, rules, systems and procedures, the IHSA Electrical Utility Safety Rules, the UWPC, the Occupational Health and Safety Act and associated Regulations.
- Perform Standby Duty on a designated schedule.
- Perform other duties as assigned.

Qualifications & Requirements:

- Certification as a Journeyperson Electrical Operator through MEARIE.
- Five years of experience in an Operator role within an Ontario-based LDC Control Room Environment.
- Certification in UWPC with demonstrated experience creating complex issued work protection packages.
- Demonstrated experience using SCADA, OMS and DMS to manage an electrical distribution system.
- Knowledge of applicable Health and Safety legislation including OHSA, EUSA rules, etc.
- Ability to work safely and independently with excellent oral and written communication skills.
- Must maintain a valid Class G drivers' license.

Applicants are invited to submit a detailed resume outlining qualifications, in confidence by 12:00 p.m. Friday, September 22, 2023 to:
