

WELLAND HYDRO-ELECTRIC SYSTEM CORP.

Requires a

Journeyman Powerline Technician

Welland Hydro-Electric System Corp. delivers power to more than 25,000 residential and business customers in the City of Welland with a history as a proven top performer in service delivery, efficiency, safety and system reliability.

Main Responsibilities:

- Work with confidence on and around electrical distribution equipment in both normal and adverse conditions, including situations involving high elevations and in confined spaces.
- Identify, Eliminate, and Control Hazards before the completion of tasks, and as conditions change
- Work with confidence both in situations of high elevation and in confined spaces.
- Ability to lift and handle various heavy tools, equipment, etc. in difficult body positions and able to perform rescue techniques as required.
- Demonstrated mechanical aptitude and solid understanding of basic electric circuit theory.
- Must demonstrate a good safety record and be committed to working diligently towards a safer workplace.
- Ability to work as a team member and be able to communicate effectively as required for overhead and underground work.
- Must demonstrate an exceptional level of customer service and professionalism at all times.
- Perform essential duties of the position including regular standby duties and the availability to respond to emergency after work hours.
- Perform other duties as assigned. (e.g., meter installations).

Qualifications & Requirements:

- Hold a valid Journeyman Powerline Technician certification or equivalent.
- Excellent working knowledge of and adherence to all applicable Occupational Health and Safety Act rules and regulations, Provincial Environmental Regulations, the Electrical Utility Safety Rules, the Utility Work Protection Code and Safe Practice Guides.
- Must possess and maintain a valid 'A' or 'D' Ontario Driver's License with a class 'Z' endorsement in good standing.
- Must have valid CPR First Aid and AED certification.
- Must be able to fulfill 'on-call' responsibilities.
- Must live within **35 minutes** from Welland Hydro-Electric System Corp. office.

Welland Hydro recognizes the value of prior experience. In addition to offering a comprehensive and competitive benefits package and participation in the OMERS pension plan, we are committed to attracting top talent by providing a vacation entitlement benefit that acknowledges prior years of service as a **Journeyman Powerline Technician**. This experience is taken into account when determining vacation entitlement, ensuring that new team members are recognized for the contributions they've already made in the industry.

Applicants are invited to submit a detailed resume outlining their education, experience and related qualifications, in confidence by 12:00 pm Friday, May 2, 2025 to:
